ABOUT ME

Creative Developer and Graphic Designer with a strong academic background in Multimedia and Creative Technology. Experienced in visual design, branding, digital content creation, and responsive web development. I combine creativity with technical skills to produce impactful visual assets and functional web solutions that support business growth and strengthen brand identity.
I have professional experience working with Garena Free Fire as a Community Moderator and Anti-Hack Assistant, where I developed expertise in social media management, community engagement, audience analysis, and real-time communication. This role strengthened my understanding of digital platforms, online behavior, and data-driven content strategy in fast-paced environments.
Detail-oriented, adaptable, and technology-driven, I thrive in dynamic settings where creativity and strategy intersect. I am committed to delivering high-quality design work, maintaining strong visual consistency, and building meaningful digital experiences that increase engagement and long-term brand value.

WORK EXPERIENCE

FREELANCE GRAPHIC DESIGNER – GOOGLE – 27/12/2024 – Current – DAFFODIL SMART CITY (DSC), BANGLADESH

Email: hello@adibx.me | **Website:** https://share.google/XajmWHKpNqk5WqXV2

Delivered creative design solutions for clients across various industries, including branding, social media graphics, marketing materials, and digital assets. Collaborated closely with clients to understand their vision, ensuring each project aligned with their brand identity and communication goals. Designed logos, promotional banners, posters, and visual content tailored for both print and digital platforms. Managed multiple projects simultaneously while maintaining high standards of quality, consistency, and timely delivery. Focused on creating visually compelling designs that enhance brand recognition and audience engagement.

ANTI-HACK ASSOCIATE – GARENA FREE FIRE – 14/03/2022 – 22/01/2024 – INDIA

Worked as Anti-Hack Associate.
My Responsibilities were to -
Assist my team by checking hack files, and programs and by exploring more hacks and listing hacking-related Content Creators to take action against them.

Above all, helping to improve the anti-hack system of the game by searching and monitoring everything related to hacking and unauthorized modifications of the game client in Bangladesh and India.

I was always committed to providing the best gaming experience.

SOCIAL MEDIA MANAGER – GARENA FREE FIRE – 14/11/2020 – 14/11/2024 – BANGLADESH

Key Responsibilities:

• Social Media Management: I oversee and moderate social media platforms while diligently gathering potential feedback from the community and conveying it to the management team.
• User Feedback Collection: I proactively collect feedback from various sources, responding to users' inquiries on our social media channels in a professional manner.
• Communication with Players: I engage with diverse players through platforms like WhatsApp groups and Facebook Messenger, seeking to comprehend their preferences and requirements better.
• Building Community Relationships: My role involves fostering and maintaining relationships with Free Fire communities in the Bangladesh market through social media and other available channels. I uphold the brand tone, voice, and reputation of the product.
• Bridging the Gap: As a Community Moderator, I serve as a vital link between Free Fire's community and internal teams, offering localized knowledge and insights.

Furthermore, I actively participate in various other projects, such as translation for game localization, partner evaluation, copywriting, and more. This involvement allows me to play a multifaceted role in ensuring seamless communication and an immersive gaming experience for our diverse audience. My dedication to delivering excellence across these diverse projects further bolsters Garena's commitment to providing top-notch services to our valued gaming community.

PROJECTS

MCT Labs AI

Creative AI Platform for Designers and Developers
MCT Labs AI is an innovative AI-powered creative suite designed to assist professionals in multimedia, design, and development. Built using **React**, **Next.js**, **Supabase**, and a custom backend hosted on **Xet.one**, the platform integrates multiple advanced AI models for various creative workflows. Key modules include:

- **Chat** for creative writing and assistant tasks
- **Canvas** for AI image generation
- **MCT Motion** for AI video generation
- **Builder** for real-time HTML, CSS, and JavaScript development
- **Coder** for AI-based code execution and debugging
- **3D** for 3D model generation
- **Echo**, a persona-based AI assistant capable of simulating real-world personalities (e.g., teachers, historical figures, leaders)

Launched as a beta initiative to support students and faculty of the MCT department at DIU, this project reflects a deep integration of AI with creative and educational technologies, aiming to empower the next generation of digital creators.

07/10/2025 – 29/12/2025

Green D

Green D is a smart home automation web platform that I designed and developed to enable remote control and monitoring of connected home devices. The system allows users to manage lighting, appliances, and environmental settings through a responsive and user-friendly interface, promoting energy efficiency and everyday convenience. I was responsible for both the visual design and development, ensuring seamless functionality, clean architecture, and real-time interaction. This project demonstrates my ability to combine graphic design and web development to build practical, technology-driven solutions.

SKILLS

Autodesk (Maya, 3D Max) | V-Ray | adobe creative suite | motion graphics | social media management | content marketing strategy | communication | community management | graphic design | creative writing | prompt engineering | AI automation | n8n | web dev | Web architecture planning | AI architecture planning

LANGUAGE SKILLS

Mother tongue(s): **BENGALI**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	B2	B1	B1	C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

RECOMMENDATIONS

Mr. Md. Salah Uddin Assistant Professor and Head

- I have been working closely with the Head of the Department of Multimedia and Creative Technology for several years through various academic and collaborative projects.
- He knows me well and has always recognized my strengths in creative development, leadership, and technical innovation. We worked together on several initiatives, including the **MCT Labs AI** project, where I served as the Founder and Lead Developer.

Mir Rasel Ahmed Digital Marketing, Growth & Engagement

- I have known **Mir Rasel Bhaiya** for several years and consider him one of my closest mentors and collaborators.
- He recognized my dedication and potential early on and gave me my first opportunity to work professionally with **Garena Free Fire**, even without any prior job experience.
- Under his guidance, I successfully proved my capabilities, earned multiple role promotions, and significantly grew as a community manager and anti-hack assistant. He strongly recommends me for my adaptability, consistency, and problem-solving mindset.
